Drawings

1. The amendment to figures 4 and 5 of the drawings filed on 2-8-02 is not in compliance with 37 CFR 1.121(d) under procedure to amend the drawings. d) Drawings. Application drawings are amended in the following manner: Any change to the application drawings must be submitted on a separate paper showing the proposed changes in red for approval by the examiner. Upon approval by the examiner, new drawings in compliance with §1.84 including the changes must be filed. Also see following instructions:

INFORMATION ON HOW TO EFFECT DRAWING CORRECTIONS

Replacement Drawing Sheets

2. Drawing changes must be made by presenting replacement figures which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments, or remarks, section of the amendment. Any replacement drawing sheet must be identified in the top margin as "Replacement Sheet" (37 CFR 1.121(d)) and include **all of the figures appearing on the immediate prior version** of the sheet, even though only one figure may be amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended." If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin.

Annotated Drawing Sheets

3. In addition to Replacement Sheets containing the corrected drawing figure(s), applicant is required to submit a marked-up copy of each Replacement Sheet including annotations indicating the changes made to the previous version.

Art Unit: 2621

The marked-up copy must be clearly labeled as "Annotated Marked-up Drawings" and must be presented in the amendment or remarks section that explains the change(s) to the drawings. See 37 CFR 1.121(d). Failure to timely submit the proposed drawing and marked-up copy will result in the abandonment of the application.

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheets must be clearly labeled as "Annotated Marked-up Drawings" and accompany the replacement sheets.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings MUST be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

Reasons For Allowance

4. The following is an examiner's statement of reasons for allowance: claims 1-21 are allowed because, the prior art of record specifically Quesinberry et al. (US 4,179,696) does not teach iterative tracking and predicting system which tracks and predicts the *movement of an occupant in a seat* of claim 1, an ARZ (at risk zone) intrusion indicator, wherein said ARZ intrusion indicator determines which point of an *occupant's upper torso or upper ellipse* is closest to an airbag of claims 15 and 20, applying a plurality of mathematical heuristics to a *plurality of image* characteristics to incorporate past measurements and past predictions into an updated overall prediction of said plurality of image characteristics

Art Unit: 2621

wherein *the image* is in one of a plurality of predefined modes and states of claim 21, combined with other features and elements of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Ex parte Quayle

5. This application is in condition for allowance except for the following formal matters:

See objection to drawing corrections above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
